

ASK US HOW

State-of-the-art orthopedic care at Brandywine Hospital can get you back to the life you love.

If you are experiencing joint pain, even simple activities like walking the dog or going grocery shopping can become a struggle. At Brandywine Hospital, our board certified and fellowship trained orthopedic surgeons, specialty trained nurses and dedicated therapists work as a team to return you to the lifestyle you enjoy — without the pain.

Physical Therapy

We're dedicated to helping people rebuild their lives after an injury. We believe that recovery encompasses both mind and body, so our comprehensive services address both the mental and physical aspects of rehabilitation.

Joint Replacement

When physical therapy no longer works, total joint replacement involves removing diseased or damaged cartilage at the ends of the bones that form a joint and replacing it with artificial prosthetics.

Comprehensive Care

As technology progresses, we continually update and improve our capabilities to serve you more effectively and efficiently. Along with an expert orthopedic team dedicated to your care, our advanced offerings include:

- Minimally invasive hip and knee replacement
- Minimally invasive partial knee replacement
- Total hip and knee revision surgery
- Multimodal pain control while minimizing the use of opioids and narcotic pain medication
- Multilayered approach to infection prevention
- Preoperative joint replacement education classes

Comfortable Accommodations

Providing you with the highest quality of care is our top priority. During your stay, you will enjoy:

- A private room on our newly remodeled Surgical Care Unit
- Low nurse-to-patient ratios
- Dual medical management by your surgeon and a medical doctor
- One-on-one physical therapy
- Daily room service for all meals
- Private bathroom with zero entry shower
- Individually controlled thermostat
- Wall-mounted TV with cable

Program Coordinator

Our Program Coordinator will guide you throughout the total joint replacement process from pre-op visit, during your hospital stay and through to your post-op visit.

When you choose Brandywine Hospital, you are choosing a program that has been named a **Blue Distinction® Center for Knee and Hip Replacement** and **Awarded Gold Seal of Approval by The Joint Commission for Total Hip and Knee Replacements.**
